**ADJOURNMENT** - To next regular meeting scheduled Wednesday, November 20, 2019, at 6:00 p.m. (open session)

Motion: ___________________; Second: ___________________; _______ p.m.
TO: Anthony J. Martinez, Ph.D., Superintendent of Schools
FROM: Kaivan Yuen, Ed.D., Assistant Superintendent, Educational Services
SUBJECT: Revision of Board Policy 6146.1 – High School Graduation Requirements (First Reading)

The purpose of this revision is to update High School Graduation Requirements in accordance with the prior resolution.

In order to comply with all requirements of various District programs, the district must have in place and maintain updated basic procedures and guidelines regarding federal and state statutes and regulations with regard to ongoing district programs and to reflect district practice. In order to maintain this compliance, the District is also updating its policy.

I recommend adoption the following motion:

That the Board of Education adopts the attached revisions to Board Policy 6146.1 - High School Graduation Requirements.

Approved for presentation to the Board of Education: November 20, 2019

Anthony J. Martinez, Ph.D.
Superintendent of Schools
Secretary to the Board of Education

Kaivan Yuen, Ed.D.
Assistant Superintendent
Educational Services
HIGH SCHOOL GRADUATION REQUIREMENTS

The Governing Board desires to prepare all students to obtain a high school diploma so that they can take advantage of opportunities for postsecondary education and employment.

(cf. 5127 - Graduation Ceremonies and Activities)
(cf. 5147 - Dropout Prevention)
(cf. 6011 - Academic Standards)
(cf. 6143 - Courses of Study)
(cf. 6146.3 - Reciprocity of Academic Credit)

Beginning with the graduating class of 2020-2007-2008, students shall receive diplomas of graduation from high school only after completing the prescribed course of study and meeting the standards of proficiency established by the district and passing the California High School Exit Exam (CAHSEE). The district will issue a Certificate of Completion for students identified with disabilities as determined by the Individualized Education Program (IEP) only those students designated as “students with special needs,” and have met the required 220 credits but did not pass both portions of the California High School Exit Exam (CAHSEE); students designated as “Severely Handicapped,” will receive a Certificate of Achievement. Courses will be reviewed during the regular adoption cycle of curriculum and materials set by the California Department of Education. The Superintendent of Schools or designee shall ensure that all courses are aligned to Board of Education adopted content standards and are uniform across all comprehensive high schools. On a regular basis, the prescribed courses of study required for students in grades 9-12 will be reviewed and needed changes made.

The prescribed course of study for students in grades 9 through 12 shall include the completion of not less than 220 semester periods of credit (Education Code §51225.3) that must include the following:

Course Requirements

Education Code 51225.3 specifies the courses that a student is required to complete in order to graduate from high school as listed in items 1-6 below.

Pursuant to Education Code 66204, each district that maintains high school also is required to develop a process for submitting courses to the University of California to ensure that they align with the “a-g” course requirements for college admission.

To obtain a high school diploma, students shall earn not less than 220 semester periods of credit that must include the following:

1. Three Courses in English (Education Code 51225.3)
   (cf. 6142.91 – Reading/Language Arts Instruction)

2. Two courses in mathematics (Education Code 51225.3)
   At least one mathematics course, or a combination of the two mathematics courses, shall meet or exceed state academic content standards for Algebra I or Mathematics I. Completion of such coursework prior to grade 9 shall satisfy the Algebra I or Mathematics I requirement, but shall not exempt a student from the requirement to complete two mathematics courses in grades 9-12. (Education Code 51224.5)

3. Two courses in science, including biological and physical sciences (Education Code 51225.3)
   (cf. 6142.93 – Science Instruction)

4. Three courses in social studies, including United States history and geography; world history, culture, and geography; a one-semester course in American government and civics; and a one-semester course in economics (Education Code 51225.3)
   (cf. 6142.3 – Civic Education)
   (cf. 6142.94 – History-Social Science Instruction)

5. One course in visual and performing arts; World/Foreign language, including American Sign Language;
   (cf. 6142.2 – World/Foreign Language Instruction)
   (cf. 6142.6 – Visual and Performing Arts Education)

6. Three courses in physical education, unless the student has been otherwise exempted pursuant to other sections of the Education Code (Education Code 51225.3)
   (cf. 6142.7 – Physical Education and Activity)
Pursuant to Education Code 51225.3, the Board may prescribe additional coursework (e.g., health education, service learning) or other requirements (e.g., portfolios or senior projects) that district students must complete in order to obtain a diploma. If the Board does so, such courses or projects should be listed below.

The district requires a course in health education for graduation. Education Code 51225.36 requires that the district include instruction in sexual harassment and violence, including, but not limited to, information on the affirmative consent standard pursuant to Education Code 67386. See BP 6142.1 - Sexual Health and HIV/AIDS Prevention Instruction. In addition, pursuant to Education Code 51225.6, a district that requires a course in health education for graduation is required to include instruction in compression-only cardiopulmonary resuscitation. See AR 6143 - Courses of Study.

Health Education – One Semester

(cf. 6142.1 - Sexual Health and HIV/AIDS Prevention Instruction)

(cf. 6142.4 - Service Learning/Community Service Classes)

(cf. 6142.8 - Comprehensive Health Education)

Education Code 51225.3 requires the Board to adopt alternative means for students to complete the prescribed course of study. See BP/AR 6146.11 - Alternative Credits Toward Graduation.***

Because the prescribed course of study may not accommodate the needs of some students, the Board shall provide alternative means for the completion of prescribed courses in accordance with law.

(cf. 6146.11 - Alternative Credits Toward Graduation)

(cf. 6146.2 - Certificate of Proficiency/High School Equivalency)

(cf. 6146.4 - Differential Graduation and Competency Standards for Students with Disabilities)

Exemptions from District-Adopted Graduation Requirements

Education Code 51225.1 requires the district to exempt from any district-adopted graduation requirements a foster youth, homeless student, former juvenile court school student, child of a military family, or migrant student who transfers into the district or between district high schools any time after completing the second year of high school, or an immigrant student who is in the third or fourth year of high school and is participating in a newcomer program (i.e., a program designed to meet the academic and transitional needs of newly arrived immigrant students that has as a primary objective the development of English language proficiency). This exemption does not apply if the Superintendent of Schools or designee makes a finding that the student is reasonably able to complete the requirements in time to graduate by the end of the fourth year of high school. Also see AR 6173 - Education for Homeless Children, AR 6173.1 - Education for Foster Youth, AR 6173.2 – Education of Children of Military Families, AR 6173.3 - Education for Juvenile Court School Students, and AR 6175 - Migrant Education Program.
Pursuant to Education Code 51225.1, within 30 calendar days of the transfer of a foster youth, homeless student, former juvenile court school student, child of a military family, or migrant student, or within 30 days of a student beginning participation in a newcomer program, the district is required to provide notice to the student of the availability of the exemption and whether the student qualifies for it. If the district fails to provide that notification, the student will be eligible for the exemption once notified, even if the notification is received after the termination of the court's jurisdiction over the foster youth or former juvenile court school student, after the homeless student ceases to be homeless, or after the student no longer meets the definition of a child of a military family, a migrant student, or a student participating in a newcomer program, as applicable.

Education Code 51225.1 also provides that, if an exempted student completes the statewide coursework requirements before the end of the fourth year of high school, the district or a district school must not require or request that the student graduate before the end of the fourth year of high school.

Any complaint alleging the district's failure to comply with the requirements of Education Code 51225.1 may be filed using the district's uniform complaint procedures pursuant to 5 CCR 4600-4670. See BP/AR 1312.3 - Uniform Complaint Procedures.

District students are required to complete graduation course requirements specified above, including the requirements imposed by Education Code 51225.3 and those adopted by the Board. However, a foster youth, homeless student, former juvenile court school student, child of a military family, or migrant student who transfers into the district or between district schools any time after completing the second year of high school, or a newly arrived immigrant student who is in the third or fourth year of high school and is participating in a newcomer program, shall be exempted from any graduation requirements adopted by the Board that are in addition to statewide course requirements. This exemption shall not apply if the Superintendent of Schools or designee makes a finding that the student is reasonably able to complete the requirements in time to graduate by the end of the fourth year of high school. Within 30 days of the transfer or of the commencement of participation in a newcomer program, as applicable, the Superintendent of Schools or designee shall notify any eligible student of the availability of the exemption and whether the student qualifies for it. (Education Code 51225.1)

(cf. 1312.3 - Uniform Complaint Procedures)

(cf. 5145.6 - Parental Notifications)

(cf. 6173 - Education for Homeless Children)

(cf. 6173.1 - Education for Foster Youth)

(cf. 6173.2 - Education of Children of Military Families)

(cf. 6173.3 - Education for Juvenile Court School Students)

(cf. 6175 - Migrant Education Program)
Retroactive Diplomas

Any student who completed grade 12 in the 2003-04 through 2014-15 school year and met all applicable graduation requirements other than the passage of the high school exit examination shall be granted a high school diploma. (Education Code 51413)

Honorary Diplomas

The Board may grant an honorary high school diploma to: (Education Code 51225.5)

1. An international exchange student who has not completed the course of study ordinarily required for graduation and who is returning to the home country following the completion of one academic school year in the district

(cf. 6145.6 – International Exchange)

2. A student who is terminally ill

The honorary diploma shall be clearly distinguishable from the regular diploma of graduation awarded by the district. (Education Code 51225.5)
